

Retail Member Safety Measure Checklist

_____ will engage in the health safety practices checked below, which will be listed on our Safety 4 SRQ member page.

Basic Members: **Checked items appear in your online profile**

Supporting Members: Additional Health Safety measures information may be added

Safety Superstars: Commit to some temporary closure (See p. 2)

To ensure the comfort and safety of our patrons, we will:

Promote social distancing

- Limit the number of customers allowed in store
- Clients can make reservations for shopping time
- Aisles marked one-way
- Waiting line areas marked at 6' intervals
- Contactless pay option
- Online ordering
- Curbside pickup

Provide protective barriers

- Between cashiers and customers
- Between employees at meat/seafood/deli counters and customers

Masked 4 Protection

- All employees must wear masks at all times in the store
- All employees wear masks when interacting with the public
- Proper mask wearing by employees is closely monitored by supervisors
- Customers are required to wear masks in the store
- Customers are encouraged to wear masks in the store
- Disposable masks are available for customers
- Masks are available for purchase at store entry

Wellness Screening

- Employees have daily non-contact temperature check
- Employees are asked to confirm no contact with COVID individuals
- Customers are asked about current and recent health (feeling well?)
- Customers are asked to confirm no contact with COVID individuals

Cleaning + Sanitizing

- Touchless entry doorway
- Front door handles sanitized hourly
- Front door handles are disinfected throughout the day
- Cart / basket handles are sanitized after each customer's use
- Sanitizer at entry / exit
- Touchless sanitizer dispensers
- Sanitizer provided at every cashier counter
- Counters wiped with disinfectant after every customer
- Employees sanitize hands between customers
