

Salon/Barber Safety Measure Checklist

_____ will engage in the health safety practices described below, which will be listed on our Safety 4 SRQ member page.

Basic Members: **Checked items appear in your online profile**

Supporting Members: Additional Health Safety measures information may be added

Safety Superstars: Commit to some temporary closure (See p. 2)

To ensure the comfort and safety of our patrons, we will:

Promote social distancing

- Maintain 6' separation between stations
- Clients with reservations allowed in just prior to service
- Walk-ins are discouraged; must wait outside until time for service
- Send text message alert when stylist is ready to provide your service

Provide protective barriers

- Between staff and customers at cashier stations
- Between stations

Masked 4 Protection

- Stylists and clients must wear masks
- Disposable masks are available for clients
- Stylists wear face shields
- Beard trim services are available
- Beard trim services are not available

Wellness Screening

- Employees have daily non-contact temperature check
- Employees are asked to confirm no contact with COVID individuals
- Clients are asked about current and recent health (feeling well?)
- Clients are asked to confirm no contact with COVID individuals

Cleaning + Sanitizing

- Disposable or disinfectable applicators are used to apply product
- All tools used are sterilized after each client
- Stylists sanitize their hands before every service
- Stylists sanitize their hands before every service in front of client
- Stylists sanitize their hands after every service
- Stylists are required to wear gloves
- Stylists wear gloves as a personal preference
- All physical surfaces are disinfected after every service
- Front door handles are disinfected throughout the day
- Sanitizer is provided at every station and reception desk

Salon Capes + Towels

- Clean, fresh cape and towels for every client
- Client deposits cape and towels in covered receptacle after use
- Salon uses disposable towels
